DEBT SETTLEMENT PLAN DENOUNCED BY CONGRESSMEN

Western Members To Lead
Fight Against Len-
ient Terms.

PROPOSE TO CURB BANK ACTIVITIES

Would Tax Sale of Foreign
Bonds or Incomes De-
rived from Them.

Washington, Nov. 24.—While the war debt settlements arranged with Italy, Belgium and other European debtors probably will be ratified, with many votes to spare, the approval of congress is not going to be obtained without a thorough airing of the entire debt situation, and some expert probing of the international banking business.

Western members of congress, now returning to the capital in numbers for the opening session, made this certain today. Voicing, presumably, the sentiments of their constituencies, some of these congressmen are loudly denouncing the settlements. Their ire is particularly directed toward the big international banking influences that have labored unceasingly toward securing lenient terms for America's debtors.

It now seems entirely likely that some drastic regulatory legislation will be introduced, aimed at curbing the activities of the big banking houses of Wall street in foreign fields.

Senator Borah of Idaho, chairman of the foreign relations committee of the senate, has been devoting considerable study to this subject recently. Borah openly criticized the Belgian debt settlement as "indefensible." If it was to serve as a precedent for other agreements, the Italian debt was later funded on terms far more lenient than were given even Belgium.

Would Tax Foreign Bonds

One of the chief criticisms of the settlement plans is that debt nations come to Washington pleading their poverty and their inability to take up their paper even at the rate the American government is paying on it—approximately 4 1/2 percent—and then, as soon as the lower rate of interest is secured they lie away to Wall street and freely negotiate for millions at 7 and 8 percent interest.

None of the foreign debt settlements have brought 1 1/2 percent, the rate the government is paying on the Liberty bonds that brought in the money. The British rate was 3 1/2 percent, the Italian rate about 3 1/2 percent, and the difference is being paid by the American tax payers—a point that will be heavily stressed in the congressional debate.

Numerous plans are being considered by returning congressmen for curbing the activities of the international bankers.

One of them is to tack an amendment on the revenue act, providing for a flat 50 percent tax on incomes derived from foreign bonds.

Another is to put heavy stamp tax on the sale of foreign bonds and securities in the American investment field, similar to the stamp tax that was imposed during the war on deeds, transfers sales of stock, etc.

DEMAND PROBE OF HIGHWAY MATTERS

Ultimatum Signed by Texas
Legislators Is Sent
To Governor "Ma".

Austin, Texas, Nov. 24.—Members of the Texas house of representatives, unopposed by the resignations of Frank V. Fannin and Joe Bankett of the State Highway commission, were this morning waiting to see what action Gov. Miriam A. Ferguson would take on the ultimatum signed yesterday by 52 members of the house in which it is demanded that she call a special session to investigate highway matters.

It was stated among legislators early today that Mrs. Ferguson would probably be given until Dec. 15 to call the special session.

The ultimatum, drafted late yesterday, stated plainly it was the consensus of the 52 signers that the legislature should "take such action as necessary to protect Texas welfare."

Neither Mrs. Ferguson nor her husband, James A. Ferguson, who was impeached eight years ago in connection with highway and other matters, would make a statement this morning.

VOLLEY OF SHOTS SCATTERS CITIZENS; BANK VAULT BLOWN

Cassopolis, Mich., Nov. 24.—Five bandits who invaded Cassopolis in the early morning hours today held possession of the town three hours, firing scores of shots and terrorizing citizens while they attempted to blow the vault of the First National bank, then fled in an automobile after wounding George Jones, a stock buyer, in the neck when he came out of his home to see what the shooting was about.

Dr. H. H. Kelcey exchanged shots with the robbers but was driven back into his house.

The bandits made their appearance at 2 a. m. and aroused the town by a volley of shots in the public square. As residents appeared warnings were shouted that no one would be harmed who stayed in their homes.

Spectators Sound

Jones did not heed the warning and was fired upon with a shotgun while he was running along the street hunting the town constable. A slug penetrated his neck. His condition is not serious. Dr. Kelcey, after trying to telephone the sheriff and finding the wires had been cut, ran into the street and opened fire but retreated when the bandits fired a fusillade at him.

Night Marshal Clyde Bonham, two employees and a customer of an all night restaurant were seized when they rushed out into the square to see who was shooting. They were marched to the rear room of the bank, bound and left there while the attempt to blow the vault was made.

So strong was the charge set off in front of the vault that it pulled off the outer door, hurled it through the front of the building, carrying the furniture and counters before it, and deposited it in the street.

Sheriff Driven To Cover

When the central telephone operator discovered that wires leading into the exchange had been cut she lit a lantern and placed it in the window as a signal to the marshal that she suspected something wrong. One of the bandits promptly shot it to pieces.

Sheriff Sills and a few hardy souls engaged the two patrols in a battle but were driven to cover.

Having terrorized the citizens, two of the bandits began patrolling the streets in their car, firing frequently into the air while their three companions entered the bank and exploded a charge of dynamite in front of the vault. The door resisted their efforts and they gave up the attempt. The vault contained between \$40,000 and \$75,000.

With a parting volley to discourage pursuit the robbers roared out of town in their car, heading west in the direction from which they had come.

\$500,000 IS TAKEN BY SIX BANDITS

Officer Shot, Boy Calmly
Braves Bullets, Gets
Bandits' Number.

Chicago, Nov. 24.—Six bandits today held up an automobile carrying money from the Drovers Trust & Savings bank to the Continental & Commercial National bank, shot and probably fatally wounded Policeman Patrick O'Shea and escaped with two chests containing more than \$500,000 in money.

Two of the bandits were believed to have been wounded by O'Shea and Louis Grebe, driver of the car. O'Shea was shot through the head before he had drawn his revolver, according to Charles O'Neill, teller in charge of the money, who with Edward Ward, a messenger, and Henry Postens, a clerk, also occupied the car.

John Kubilus, 14, stood on the sidewalk across the street while the holdup was in progress and despite bullets which were raining about him, calmly took note of the number of the robbers' car, the appearance of the men and other details.

He told the police that all of the men were young and well dressed and that after seizing the money chests, two of them carried them off while their four companions acted as a rear guard and continued to fire into the bank car.

ENGINE EXPLODES, TRAINMEN KILLED

Columbus, Nov. 24.—Investigations were being made today by inspectors of the State Utilities Commission and by officials of the Pennsylvania railroad relative to the accident at Columbia Center, Licking county, late Monday which resulted in the death of Leo H. Huey, 35, Columbus foreman, and Clarence N. Tosses, 24, head brakeman, also of this city, and probable fatal injury to Engineer Charles J. Strickles, Columbus.

The accident occurred when a crown sheet of Pennsylvania railroad engine, No. 64, blew out, deluging the members of the freight train's crew with steam.

Conductor Harold Wright received light injuries.

MINERS AND COAL OPERATORS READY FOR NEGOTIATIONS

That Is Opinion Following
Conference Between
Lewis and Markle.

Washington, Nov. 24.—President Coolidge today wrote to John L. Lewis, president of the United Mine Workers saying merely he had received his communication concerning the possibilities of a bituminous coal strike, and would reserve statement of the government's position until a later date.

Lewis' letter to the president intimated that a bituminous strike might follow the anthracite tie-up unless the government intervened to "make the operators live up to the Jacksonville agreement."

There was little to indicate today, however, that the president intends to abandon his policy of "hands off" the coal situation.

Philadelphia, Nov. 24.—Negotiations toward a settlement of the anthracite coal strike will soon be resumed by the operators and miners.

This was the opinion today in authoritative quarters following a three hour conference last night in this city between T. J. Alvin Markle of Hazleton, Pa., chairman of the joint committee and the anthracite operators' negotiating committee and the general wage scale committee of the miners, and John L. Lewis, president of the United Mine Workers of America.

Neither Markle nor Lewis would discuss the conference. Lewis referred all queries to Markle. The latter denied himself to visitors. It was regarded as significant, among coal men, that Markle did not deny that the conference was held to hasten an adjustment of the strike.

Those who are in touch with the situation said that the conference was an indication of an early resumption of discussion of the strike. No advance information "leaked out." The talk between Lewis and Markle was scheduled to be a secret one. Markle on his arrival here late yesterday went immediately to the Union League club and was joined there by Lewis. The latter did not leave the Union League until nearly 10 o'clock last night.

Markle, who went to New York early today, presided at the Atlantic City conference from July 9 to August 4, last, which ended in a deadlock.

Columbus, Nov. 24.—With his six sons, Gov. Victor Donahey plans on enjoying Thanksgiving day at his summer cottage at Indian Lake, near Bellefontaine, leaving here Wednesday afternoon the Donahey's expect to go hunting in the vicinity of Indian Lake.

Northwestern Students Maul Officers During College Riot

Attempt To Stop Students
Celebration Results
In General Riot.

Evansville, Ill., Nov. 24.—Northwestern university students, Evansville police, and numerous officials and citizens were nursing injuries and, the latter, damaged dignity today as the result of a riot staged by the college boys in this ordinarily staid residential community last night.

Mayor Bartlett was snatched when he tried to stop the disorder. The students overturned the automobile of Police Chief Wilberger and badly damaged it.

Policeman George Postka was thrown to the ground and beaten after he drew his revolver. He was removed to St. Francis hospital with two ribs broken. Policeman Herman Wood was beaten. Edward Pfeiffer and Harry Banes, citizens, were trampled.

President Walter Dill Scott of the university said the disturbance had no underlying cause other than "youthful mischief." Evansville police declared the trouble started because firemen attempted to interfere with a bonfire football celebration.

Mayor Bartlett said that the students had planned all day to express their disapproval of the fact that some newspapers conceded Big Ten championship honors to Michigan, which Northwestern defeated at football.

The rioting started about 10 o'clock and continued for three hours. When tear bombs and firearms used by the Evansville police failed to quell the students an appeal for help was sent to Chicago police department and a detachment of 30 officers was sent there.

While the disturbance was at its height the students stripped Evansville policemen of their badges, clubs and revolvers. They forced some of the officers to head a snake about 1,000 students gathered at an abandoned fraternity house and set fire to it. When firemen arrived the students charged them, cut the hose lines and mauled the fire fighters. Then the trouble started.

OBSOLETE, COFFIN," PLANES ARE USED, MITCHELL CHARGES

Washington, Nov. 24.—Resuming the witness stand in his own defense, Col. William Mitchell today charged the war department with "criminal negligence" in forcing army fliers to use obsolete "flaming coffin" airplanes.

Mitchell denounced the J. N. and DeHavilland types as "flaming coffins." He declared the fliers knew they were "going to be killed" if sent into the air in these obsolete machines.

The jury of generals listened carefully to Mitchell.

Major Allen Gullion, named by the army general staff as assistant trial judge advocate, again conducted the questioning of Mitchell. The flying colonel, serious and calm, answered every question readily.

Machines Obsolete

"You said the DeHavilland planes were flaming coffins," Gullion began. "I did and the J. N.'s are dangerous, too," Mitchell retorted.

"You said the army pilots know they are going to be killed when they go aloft in these flaming coffins?" "Yes, I did, and it's the truth," Mitchell replied. "Those machines built during the war are obsolete and dangerous. They ought to have been done away with at the end of the war. It constitutes criminal negligence to keep our pilots flying ships of that type."

Gullion pulled out a mass of army documents, including the reports of various inquiry boards which investigated airplane accidents. One board found the death of a Captain MacAvoy at Toll's Bridge, Va., was due to "no fault of his own." Mitchell said he disagreed with the board's finding, because the officer was killed while flying a DeHavilland plane in a fog.

Bulldozed He Charges

"The plane had faulty equipment, inefficient navigating instruments, no radio to get fog warnings, and improper meteorological service," said Mitchell. "It was another case of faulty equipment."

Time after time, Gullion took up reports on airplane crashes in which the pilot was killed and his body burned up when the plane caught fire.

Mitchell then would say, "another case of flaming coffin."

A row developed between Gullion and Reid when the former maintained Mitchell had said he "did not dare tell the truth." This angered Mitchell and he repeatedly declared he "did dare and did tell the truth."

Mitchell renewed his charge that aviators were so "bluffed and bulldozed" they would not tell the truth to congress and the American people.

CHURCHES OF CITY JOIN IN SERVICE

Union Thanksgiving Service
At Methodist Church
Wednesday Night

Union Thanksgiving service of the churches of Salem will be held at 7:30 p. m. Wednesday at the Methodist church.

Dr. P. H. Gordon, pastor of the First Presbyterian church and president of the Ministerial association, will preside and other ministers will participate in the service. The sermon will be preached by Rev. H. L. Miller, pastor of the Christian church.

Special music has been arranged. This will include solos by Ralph Snyder and Prof. and Mrs. J. O. Samuel of Cleveland are expected to sing a hymn. Mrs. Samuel is a daughter of Rev. and Mrs. G. A. Beers of this city.

RELIEF FROM COLD SNAP IS PROMISED

Columbus, Nov. 24.—Relief from the cold snap that has enveloped Ohio, was forecast here today by government meteorologist, W. H. Alexander.

Such warmer weather is being reported from the far northwest, the weather man said. "It will move eastward and bring relief to this section."

Toledo, Cincinnati and Columbus reported the lowest temperatures in the state today, each having 25 degrees. Cleveland had 24.

Winneville, Va., reported 16 degrees above zero this morning and White River, Ont., 14 degrees.

Plan Smoking Room At Bryn Mawr

Bryn Mawr, Pa., Nov. 24.—The fair coeds at Bryn Mawr not only may smoke cigarettes, but plans are being made to provide a smoking room for them.

For 25 years this aristocratic institution has frowned upon the use of the cigaret by girls. But Dr. Marlen Edward Parks today declared the college recognizes that a change in the attitude toward smoking by women has come. This was her reply to a petition from the girls that smoking be permitted upon certain restrictions. A que-donnaire revealed that half the girls at Bryn Mawr smoke.

INCREASE REWARD FOR CAPTURE OF CLUBBER MANIAC

Toledo Girl Chased Last
Night But Police Fail
To Trace Man.

Toledo, Nov. 24.—With the belief in the minds of most citizens that Toledo's "clubber maniac," who since last May has killed two women and injured seven others, was still at large today, rewards for his capture had been increased to \$1,500.

The city council, aroused by the virtual reign of terror, which is keeping most of the women residing in the fashionable west end district, where all the attacks have occurred, within doors after nightfall, increased the reward of \$500 already posted by \$1,000.

Whether or not the clubber was again seen last night was undetermined this morning. Miss Mary Whinnan, 20, of 334 13th st., declared that last night a "tall man with a limp" came from between two houses and chased her for two blocks.

The girl's screams attracted an army of volunteers and police, but although the section was searched thoroughly the man was not found. A speed car, carrying a load of detectives, was wrecked when it crashed into another automobile. None of the passengers was injured.

Identify Suspect

Meanwhile one of the suspects rounded up since the war on the "club killer" began in earnest had been partially identified as the man who climbed the roof of the residence of Bert Whitstone Saturday night, fired a shot in the air, then vanished. The identification, however, was far from complete.

All men residing in the west end section recently released from the state hospital for the insane here, had been taken into custody today, and it was considered possible today that orders for their return to the institution might be asked.

Pending definite identification of the maniac today, the force of 200 picked men from the American Legion under command of Major William Crawford, formerly of 125th infantry, was to go on duty again tonight, supplementing the police force and sheriff's deputies patrolling the west end of the city.

No, You Can't Be Sure Of Anything

Cleveland, Nov. 24.—To show that you never can be quite sure of anything.

After rhodding Mrs. Sarah Benia man, grocery store proprietress, at bay with a formidable looking revolver, a "stick up man" grabbed \$15 in cash, threw his gun on the counter and disappeared.

It was a toy gun made of wood.

HUNTING AUTOIST WHO STRUCK GIRL

The police have been unable to learn the name of the motorist who ran down Marie Schuurberg, aged six, in front of St. Paul's parochial school Monday noon as the child was crossing the street.

Chief of Police T. W. Thompson said that he had not learned the name of the driver, and witnesses to the accident are said to have claimed they did not know his name. No blame has been placed on the motorist but the police want to know how the accident happened, and would like to get the motorist's side of the matter.

The little girl, daughter of William Schuurberg, 139 East Fourth st., sustained a badly injured left leg and minor injuries. She was on her way to school after lunch when the accident happened.

Jackie Coogan Will Lose Flowing Locks

Chicago, Nov. 24.—Jackie Coogan, youthful motion picture star, is soon to lose his flowing locks. His manager, A. J. Bernstein, announced this during a short stay in Chicago. Jackie is to get his hair cut before his next picture.

STATE AGENT HERE TO CLOSE OPTIONS ON 500 ACRE PLOT

Plans for Improvement Of
State Park Site Have
Been Prepared.

CONSTRUCTION TO START IN SPRING

Five Hundred Acres To Be
Purchased; Summer Cot-
tages Planned.

Representatives of the State Highway department arrived in Salem Tuesday for the purpose of closing options for the 500 acres of land authorized by the last legislature for state park purposes in Hanover township.

The legislature appropriated funds for this purpose, but since then no action has been taken by the State Highway department in closing options. A time had been set for this matter to be closed several months ago, but for some reason unexplained to officers of the Columbiana County Fish and Game Protective Association, and also to Representative Columbus of East Rochester, the Columbus department failed to send its representatives to Lisbon.

Plans for the improvement of the Guilford Park site have been prepared by engineers of the State Highway department, and it is taken to mean that as soon as the options for the 500-acre site have been closed the highway department will proceed with its plans to start new construction at Guilford next spring.

Build Hatchery Later

No information has come from Columbus when the hatchery section of the park will be built, but it is understood by some that this feature of the park will not be started until the dam has been closed and the lake formed.

It has been indicated that a number of cottages will be erected at Guilford next summer. Some new residence properties were erected at Guilford last summer and a number of the older properties have been improved. There is some talk at Guilford now of a summer hotel being erected there that would accommodate from 25 to 50 people during the season.

The county commissioners have indicated that the road from the end of the brick pavement at the County Home would be improved to Guilford. This improvement will be put over as soon as work on the State park is finished. It is not likely that a concrete highway will be built to Guilford at this time, but that a macadam surfaced highway would answer the purpose for some years, or until such time as traffic would warrant the building of a surface of another type.

FIGHTING BREACH OF PROMISE SUIT

Rich Man's Son Defendant
In Suit Brought By
Movie Actress.

San Francisco, Nov. 24.—Characterizing the \$250,000 breach of promise suit filed by Marguerite McNulty, former San Francisco and Oakland actress, against William A. Clark, grandson of the late Senator W. A. Clark of Montana, as "one of those cases brought against rich men's sons," Attorney Gavin McNab, counsel for young Clark's father, William A. Clark, Jr., Los Angeles, said today that steps would be taken to combat the suit.

Process servers, unable to locate Clark in New York, were given permission to serve the papers by "substitution" by leaving them with the management of the Hotel Shelton, where Clark is reported to have maintained a suite.

Clark, according to McNab, is either in London or on the high seas enroute to Africa with a party of engineers retained by his father.

Marguerite McNulty, a San Francisco girl, achieved ingenue fame in New York in 1918 and in 1923 had acquired added laurels as a comedienne. At present she is said to be a member of Hollywood's film colony.

Chief Wants Owners Of Stolen Goods To Notif Him At Once

Chief of Police T. W. Thompson today requested that any person who has and stolen from a machine or home, new Firestone tires should notify him at once. Five new Firestones, 30x5, are a part of the loot of the bandit gang, now in the county jail.

Much other merchandise found in the cache at the Shelby Carlisle home here is still unidentified. Among this array of goods is a cap and ladies' coat from Leona's, the cap having a Leona's store mark in it; several overcoats; spotlights, blankets, etc.

Persons from whom such stuff was stolen should get in touch with the chief at once.

Congressman Off to Prison

John W. Langley, re-elected to congress by a Kentucky district while his appeal from a conviction on charge of conspiring to violate prohibition law was pending, is preparing to resign and begin a two-year sentence in Atlanta prison, the appeal having been denied. He isn't upset about it, as new photo shows.

EXPLOSION CAUSES PANIC IN N. YORK

New York, Nov. 24.—A terrific dynamite explosion in a building excavation in the Bronx today rocked buildings for blocks around, shattered a hundred windows, and threw hundreds of residents of the highbridge section into a panic.

An ambulance was rushed to the scene from Lebanon hospital. A fire alarm was turned in and police reserves were ordered out to quiet the neighborhood.

The home of Deputy Chief Police Inspector George C. Eiche was reported seriously damaged.

Blanket Bus Permit Fought By Carriers

Columbus, Nov. 24.—Prospects of one of the stiffest campaigns ever waged against the State Utilities commission for local bus routes, a steam and electric railways and motor bus operators joined forces to oppose the commission's action in granting a blanket permit to the Buckeye Special Transit company to operate on the line from Columbus to Dayton.

The ruling is the first of its kind ever handed down by the state and was protested by every common carrier in Ohio.

DONAHUE

Akron Club Killer Nabbed By Husband

Akron, Nov. 24.—Mrs. Adeline Her was the victim last night of a man whose actions resembled those of the Toledo club killer.

He emerged from between two houses as Mrs. Her neared home, and entered a club. She fled and the pursuer threatening to strike her if she stopped. Her husband heard her screams, rushed out and seized the stranger by the throat, managing to hold him until the patrol wagon arrived.

MARKET OPENS STEADY

New York, Nov. 24.—The market was steady at the opening today, with moderate recoveries in the motor and industrial stocks.

Chrysler motor opened at 180, up 2 points; General Motors up 1/2 at 199 1/2; Fisher Body down 3/4 at 89; Hudson Motor up 2 at 91; American Can up 1/2 at 242; Atchafalaya up 1/2 at 121 1/2; New York Central up 1/2 at 83 1/2; Pan American Petroleum B up 1/2 at 73 1/2; United States Steel up 1/2 at 128.

The market was irregular in the first period.

Beyond the slight advances in prices of the motor and oil stocks, however, the market gave little evidence in the early trading today that its speculative position had been "improved" by yesterday's violent closing. A few of the motor stocks were needed for short covering at the opening. As a result of which first prices were from 2 to 5 points higher, but buying demand was not sufficient to maintain the higher price levels. Chrysler motor was again under pressure and declined to a new low price for the movement.

The rise in independent oil stocks, which lost its momentum during Monday's closing smash, was resumed in a few of the leaders in this group including Pacific, Royal Dutch, Marland and Mid Continent, which sold about a point higher. But the higher price levels seemed to offer an invitation for renewed selling, and before the end of the first bout the whole market was caught in the grip of a general slump.

The motor stocks and high-priced industrials offered very weak resistance to the flood of which swept over the market in this period. Chrysler motor dropped abruptly from 185 to 170, and General Motors from 191 to 187, the lowest price on the movement. United States Steel, Rubber, Baldwin, Pullman, American Can and other British favorites of the current movement were unable to stem the tide, and slumped away to lower price levels. Copper stocks were sold on the decline, and even the railroad stocks lost a good portion of their recent gains. British traders followed up their advantage in the motor stocks with a good volume of sales in the mercantile and equipment stocks, particularly those which have been moving forward briskly in recent weeks.

There was no important change in money conditions or in rates. Call money renewed at 4 1/2 per cent. Another decline to a new low for the year in French francs was the principal feature of the outside markets.

These officers to serve for 1928 were elected by Butler Grange at its meeting Saturday evening:

Master, William Woolf; overseer, Charles Ward; lecturer, Mary Ward; assistant lecturer, Esther Whinnery; steward, Ernest Woolf; assistant steward, Elmer Altenhof; chaplain, Claudia Mountz; secretary, Lowell Whinnery; treasurer, Maris Whinnery; financial secretary, Lydia Bailey; gatekeeper, Wayne Brown; censors, Viola Altenhof; pomona, Esther Mountz; flora, Dora Woolf; lady assistant steward, Myrtle Altenhof; pianist, Stella Fuhr; librarian, Esther Whinnery; purchasing agent, William Woolf; trustees, Homer Mountz, Frank Ward and James King.

This grange will hold its annual oyster dinner at an all day meeting on Dec. 5, and that evening its regular session.

The new officers will be installed at the first meeting in January. A bake sale will be held Saturday at Burns' Hardware store.

BOYS, INSPIRED BY MOVIE, ADMIT THEY ROB HOMES

Cleveland, Nov. 24.—Paul Grutzmachel, 12, and Robert Wessel, 16, came to Cleveland seeking adventure. Today they are held by Cleveland detectives following a confession that they were "burglars."

They told detectives who grilled them, they had broken into four Columbus and Cincinnati homes, and among other loot had taken five diamond rings.

The younger boy carried a 32 caliber revolver when arrested by Patrolman Emil Ness.

While they were being questioned the boys broke down and cried, admitting they had escaped from the Boys' Opportunity farm at Cincinnati two weeks ago.

A movie show inspired them to be burglars, they said.

Women Deny, Affirm Lansdowne "Coercion" Charge

Outcome of charges of Mrs. Zachary Lansdowne, widow of Shenandoah's commander, that attempts were made to influence her testimony in disaster probe, hangs upon conflicting stories of women. Mrs. William Mason, aunt of Mrs. Lansdowne, declares that Capt. Paul Foley, then judge advocate of probe, sought to sway her niece's testimony. On other hand, Mrs. George W. Steele, navy captain's wife, who delivered the Foley memorandum, avers the widow understood it was not in the nature of a suggestion. Mrs. Jacob Klein, wife of commandant of Lakehurst airport, says she heard Mrs. Lansdowne say over telephone, "He was not sent; he went," thus refuting her charges that Comdr. Lansdowne took the airship away from Lakehurst unwillingly. R to L: Mrs. Klein, Mrs. Steele, Mrs. Lansdowne.

Alfalfa From Asia

The original home of alfalfa seems to have been in southwest Central Asia. The word is Arabic, meaning "the best fodder." In southern Europe it is known as "lucerne," and the name was used for a time in several sections of the United States. Persia was apparently the first nation to grow alfalfa. The Persians took it with them when they invaded Greece in 480 B. C. Gradually it was introduced into other European countries.

The Spaniards in the sixteenth century took the plant to Mexico and South America, and it gradually found its way into what is now the south west part of the United States. Not until after the middle of the last century, however, did its value become known as a product of irrigated lands, and extension over the West began.—Kansas City Star.

Astonished Audience

A man who usually dictates his business letters into a dictaphone was recently asked to say a few words at a public meeting.

He had had no previous experience of facing an audience, but he consented to speak, thinking that, if he were to imagine he was merely addressing his remarks to an inanimate recording machine, he would find things go quite easily for him.

When he had been introduced by the chairman, he stood up, cleared his throat, and began:

"Ladies and gentlemen, comma it is a very great undoubted pleasure to me to be present here tonight, dash at though I am naturally somewhat nervous at addressing a public meeting for the first time, semicolon I trust it will not be my last full stop."

Trains Sideswiped, Ten Passengers Hurt

Greensburg, Pa. Nov. 24.—Ten passengers on the Pittsburgh-New York express of the Pennsylvania lines, injured by flying glass when the express sideswiped a derailed freight car at Donahoe, near here, were recovering today from minor cuts. None were but slightly hurt.

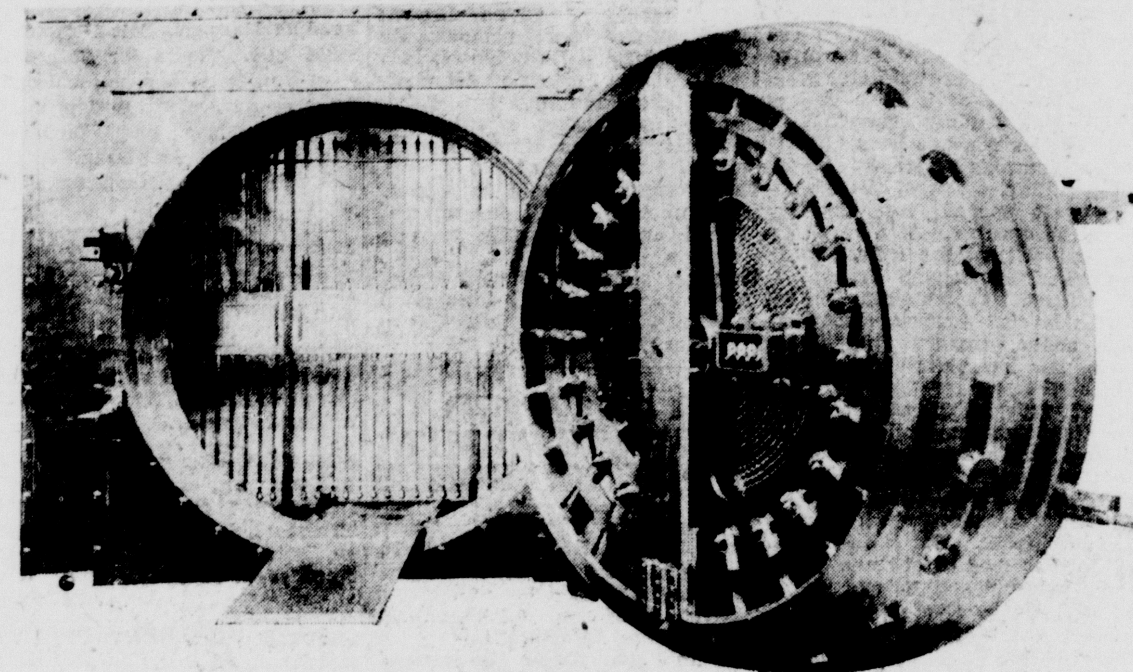

The accident occurred when, while

the express and freight were running parallel in the same direction, the derailed freight pulled out, derailing a car and throwing it against the passenger. The passenger locomotive and three of the first coaches were damaged. Glass in the windows of the coaches were shattered, causing injury to occupants. The train was stopped before Pullman cars in the rear ran against the derailed freight.

Even Bathing Suits Exploit the New Flared Line

The new flared silhouette has not only "arrived," it has become "established." Even bathing suits featured for southern wear exploit it, as illustrated in the central figure above. Suit is fashioned of brilliant orange and black taffeta silk and trimmed with buttons. An interesting cap in matching colors is worn with it. A pretty frock of old rose crepe (left) has an unusual neckline or ornamented with a buckle. The flounced and scalloped skirt is a distinguishing feature of this frock. Pleating achieves the flare in the skirt of an ashes of roses cashmere frock (right). Flareback collar, tailored cuffs, tie and girdle with buckle are the outstanding feature of the frock.

PLANT EXPLOSION
KILLS THREE MEN

Arkansas City, Kas., Nov. 21.—Three men were killed and damage estimated at more than \$100,000 was done when the Arkansas City Oil Refining company plant exploded here today.

The dead: William Mitch, foreman of high pressure stills, and Walter Wilson and Thomas Cooper, still operators.

All were blown to pieces.

The council is in the best shape, and Boy Scout work is progressing fast here, says the executive. East Liverpool has been added to the council and Wellsville and Schwing may come in soon.

Cleaning Process
Used On Hamilton

Columbus, Nov. 24.—Hamilton must—and will—be cleaned up.

This was the edict today of assistant state prohibition commissioner, S. A. Probst.

Commissioner Probst announced that the two prohibition agents now in Hamilton would be kept there and as many more as needed will be sent to drive the corrupt and liquor elements from the city.

Rules Embassy May
Have Drinking Water

Washington, Nov. 24.—Water for drinking purposes may be maintained in the American embassy at Havana, comptroller general, J. R. McCull, ruled today in a letter to Ambassador E. H. Crowder.

Some time ago McCull held that the expenditure of funds for drinking water at this foreign post was unauthorized.

Crowder submitted "additional evidence" to McCull disclosing the necessity from the government standpoint for the maintenance of a supply of water for drinking purposes.

The comptroller general then reversed his first decision.

BAN ON SUNDAY
MOVIES UPHELD
BY OHIO COURT

Columbus, Nov. 24.—Ohio's statute prohibiting motion picture shows on Sunday was upheld again today by the state supreme court.

The court dismissed the appeal of Earl Myers, proprietor of a movie theater at Chillicothe, from the action of the Ross county courts which upheld a fine imposed upon Myers who was found guilty of illegally operating a motion picture show on Sunday.

Per Capita Cost Of Fresh Air
Camp Was \$1.39 A Day

For every child cared for at the Public Health camp on the W. K. George farm in Madison township during the last season, the per capita cost was down as low as \$1.39 per day. The Columbiana County Health League, after paying all expenses of the camp for the last season has a balance of \$977.59 to its credit with which to start the 1926 season.

The two largest items of expense connected with the 1925 camp was \$3,000 per year for food and \$640 for salaries of those who were in active charge of the camp.

Other items of expense have been recently announced in a financial statement just issued by secretary, Attorney George Lafferty of Lebanon, and are: Hardware, \$21.01; labor, \$36.75; freight and expressage, \$23.63; lumber, \$55.96; miscellaneous, \$12.82; legumes, \$21.79; drugs, \$34.03; laundry, \$99.33; fuel, \$3.75; photographs, \$16.

The statement, issued Feb. 14, last, showed receipts of \$3,132.18 to which is been added \$23.25 from delayed return of the 1924 sale of seeds. There was also an anonymous gift of \$1.87 reported, making the total receipts of the season \$3,160.43.

The 1925 camp continued over a period of eight weeks, and 39 different children were cared for during the season, their periods at the camp ranging from four to 53 days each, the latter being the full term of the camp.

The County Public Health camp will be located on county property next year, the county commissioners having recently agreed to the use of the county tuberculosis site near the county home for this purpose. Permanent buildings are to be erected, both for sleeping and eating quarters, which means that the county property will be used permanently as a Public Health camp.

It is believed that at least \$1,000 or more will be added to the maintenance fund of the camp this season through the sale of Christmas seals.

Townships have been credited in the report which has just been issued with contributing the following amounts for the benefit of the 1925 camp: Center, 56 cents; Salem, \$14.46; Washington, \$3.58; Knox, \$57.25; Westville and Yellow Creek township, \$49.29; Middleton, \$72.83; Elkton, \$55.27; Fairfield, \$55.37; Plainfield, \$34; Hanover, \$80.98; Butler, \$12.30; West, \$37.26; Unity, \$79.26; Madison, \$52.07; Perry, \$115.31; Wayne, \$17.70; St. Clair, \$13.50.

HEAR CLAIM FOR WHITCOMB DEATH

A hearing on the claim of compensation in the case of Herbert Whitcomb, who was burned to death outside the Mullins Body Corporation plant several months ago, was held in municipal court here today by John Cholly, Mt. Union football star of a decade back, and now in the employ of the state industrial commission.

Testimony was given by persons who saw the accident or had anything to do with the case. Atty. Joel Sharp represented the Mullins company, and Atty. K. L. Coburn appeared for Mrs. Whitcomb.
A claim for compensation had been put in by Mrs. Whitcomb and the industrial commission held the hearing to determine the facts so that it may render a decision. Cholly's stenographer took down all the data which will be made the basis of his report.

NINE VARSITY MEN PLAY FINAL GAME HERE TURKEY DAY

Salem High Will Lose Fourteen Players By Graduation; Season Closes With Lisbon Game Thursday Morning.

Fourteen seniors on this year's Salem High football squad, nine of them regulars and five first grade subs, will graduate next June, or will have completed their eight semesters according to state association rules, and they will wear the Red and Black on a gridiron for the last time Thursday in the annual Thanksgiving battle with Lisbon at Reilly field.

The game, which will start at 10 a. m., will close the 1925 season, which has been a successful one and by far the stiffest ever gone through by a county team this year. It will be the tenth game of a schedule that had on soft snaps at any stage.

Eyes will be dimmed with moisture as the nine regulars, all of them stars, lay away their moleskins after making a name for themselves and for their school. These players are Captain Red Cosgrove, Charley Coffey, Max Fisher, Bill Miller, Slim Jenkins, Pat Sheen, Wilbur Yaggl, Clarence Sidingar and Jim Gregg. The subs who gave faithful service to the team, are Shears, Fultz, Simmonds, Shaffer and Reich.

All Distinguished Selves
Every one of the 14 has distinguished himself in one way or another. Some are all county men, some just below that rating, but they are all excellent players. Their passing will leave gaping holes in the line and take out of the backfield two good men, one the leading halfback in the county.

Captain Cosgrove is one of the best defensive ends and one of the finest leaders, to ever wear the Red and Black. Coffee, the spectacular, is the team's Grange, a mighty man of allround ability. Fisher is the most accurate snapper-back since Vollmer and on the defense is a bear. Miller is a whale of a tackle. Sheen and Yaggl, varsity guards, are topnotch men, bulwarks in the primary defense.

Jenkins, who became a varsity end in mid-season, is the best receiver of a forward pass it has been the writer's pleasure to see all season. Sidingar, an ex-center, did well in the backfield this year and Gregg in his first and last year on the team was a fine back.

Good Material Left
Of the subs Shears saw the most service. He is one of the hardest workers on the squad and trains exactly according to regulations. If there is any substitute who ever deserved a varsity letter he sure does. Simmonds was a fighting lineman who would be a varsity man next year were he able to play. Fultz, Reich and Shaffer are comers also and will be missed.

But, before all the tears are shed just take a peek at the team that is in the offing for next year. If these players, who are about to be named, progress as well as they have this year, Salem bids fair to be a championship contender of the first water next year.

Juniors on the team this year include Harsh, Campbell, Liebschner and Mathews, back; and Rupp, Schmid, Wells and the one and only Older, linemen. Older is the cream of the county's tackles, and unfortunately he received a severe knee injury in the Wellsville game which kept him out of most of the Leetonia game.

Hail these sons: Eli Alexander, the colored flash; Judge, who bids fair to follow the footsteps of his illustrious brothers, Vince and Ray; Talbot, a varsity lineman; Roessler of a famous family; Seeds, of another famous family; Harwood, Anderson, Bennett, Herbert, Rugg.

Lisbon is Fast
Among the freshmen this year are two men who have had lots of varsity experience, and another who will

easily make center next year if he continues his good work. The first two are Ed Sidingar and Konner, and they are red backs too. Sidingar is the much talked of center. The other frosh who will make bids for varsity berths next season are Gibbons, Yeagling, Gullford, Litty, Porter, Van Blaricom, and a flock of other youngsters.

Thursday's game will not be an easy one by any means, for Lisbon had earned the title of being the "fightingest" squad in the county. A backfield that has express train speed, a wonderful forward pass defense that smeared Liverpool's Alliance and Leetonia's air attacks, and a first rate line, are among the threats Lisbon will bring to Salem.

Cornell, the fleet Lisbon quarter, is the pick of the field generals this year, though that may be telling who is in line for that all-county position. He expects to run and pass Salem to a frazzle and whether or not he can do it depends on Salem entirely. With him are three veterans in the backfield who make up a splendid pony combination.

Faculty Manager R. P. Vickers announced today that Barrett, Sebring, will referee; Brannon, director of the Warren Y. M. C. A. will umpire and Joe Kelley will head line.

Last Night's Fights

At Columbus—Louis Deacon, Cleveland, leftward hit, won from Shifty Band, Dayton, 12 rounds; Lou Bloom, Columbus, heavyweight, fourth round to a draw; Jack Gels, Columbus, defeated Lester Emmons, Columbus, six rounds; Young Porter, Columbus, lightweight won from Kili Alexander, Columbus, in second round of scheduled four round bout when referee stopped bout.

At Brooklyn—Joe Glick, Brooklyn, got the decision over "Honey Boy" Finnesan, Boston, ten rounds; Jackie Snyder, Brooklyn, got the decision over George Balduc, Lewiston, Me., ten rounds.

At Buffalo—Harry Cook, Buffalo, got decision over Billy Pollock, Scranton, ten rounds; Bobby Tracey, Buffalo, got decision over Joe Savola, New York, six rounds; Lou Scozza, Buffalo, got decision over Bob Fox, Canada, six rounds; Al Paul, Buffalo, knocked out Hip Sing Lee, San Francisco, second round; Willie Cleary, Buffalo, got decision over Teddy Dean, Ithaca, six rounds.

TWO BIG BANQUETS FOR HIGH GRIDDERS

Gibson and Mullins To Be Hosts At First Party On December 4.

Two big banquets are in store for the Salem High school football squad from the greatest stars to the lowest scrubs, following the completion of the 1925 season this week.

A captain will be elected for next season, a man to fill the shoes of Red Cosgrove, when C. C. Gibson and W. H. Mullins honor the squad at a monster banquet and party at the Memorial building the night of Dec. 4.

Following the banquet, to which the players, coaching staff, faculty and student managers, principal, superintendent and special guests have been invited, Mr. Gibson will tender a party to the members of the Salem High Athletic Association.

This party will start about 8:30, following the banquet, and the girls and boys who are members of the association will be invited. There will be a regular school dance and a jubilation party.

About a week later Dr. Henry K. Yaggl, father of Guard Yaggl, will banquet the team and present them with gold football emblems. This will be a chicken dinner affair.

HI-Y CLUB WILL SELL PROGRAMS TO HELP CAUSE

At the Thanksgiving game between Salem and Lisbon High schools the Salem High HI-Y will sell the most complete programs ever offered at a scholastic event here.

Like a college program, it will contain about 20 pages, full of interesting data on both teams as well as features and jokes. It will be a sort of magazine which every student and alumnus will want to buy and keep, says Wilbur Springer, head coach and faculty adviser of the HI-Y club.

The receipts from the sale of this program will be used to defray the expenses of Springer and eight student representatives to the state HI-Y conference at Middletown Friday.

Saturday and Sunday, and the balance will go into the club's treasury.

The club today stated that it wished to publicly thank the Salem merchants who have so liberally contributed to this program.

When merchants back a team the way Salem merchants do, when they back the team, and when we have men like Mr. Gibson, Mr. Mullins, Dr. Yaggl and others, who banquet the team and do all they can for them, it puts Salem among the leaders in the state for real spirit and sportsmanship," said Springer.

MOUNT PREPARING FOR KENYON CLASH

Attempt To Stop Students Celebration Results In General Riot.

Alliance, Nov. 24.—Having disposed of Hiram College at Hiram Saturday by a score of 31-0, Coach Thorpe is giving his team strenuous preparation for the Thanksgiving Day game with Kenyon. He used every man on the squad Saturday in order to ease up on the regulars.

Kenyon will enter the game with Mount Thursday as a slight favorite. Both teams have played six conference games. Kenyon has five wins and one defeat, with 102 points to opponents' 13. Mount does not have so good a record with three victories, one tie, and two defeats, with 81 point to opponents' 15. However, Mount has a better showing against Hiram, the only team played by both Mount and Kenyon, the former's score being 31 to 0 as compared with Kenyon's 13 to 0.

White Sox Seeking Ward, Yank Infielder

New York, Nov. 24.—The Chicago White Sox today were reported as being in the market for Aaron Ward, infielder of the New York Yankees. Ward is understood to be dissatisfied with conditions here while the White Sox are said to be in need of infielders, following injuries sustained by Manager Eddie Collins and Ike Davis late last season.

ELEVENS THAT USE FORWARD PASS ARE COLLEGE WINNERS

Only Five Teams Unbeaten This Season; Michigan Big Ten Winner

By DAVID J. WALSH
New York, Nov. 24.—The pioneers of modern football happen to be few and most of them winners, namely: Alabama, Dartmouth, Washington, Tulane, Princeton, Michigan, Notre Dame, etc.

The first four, with Colgate, remained today as the only unbeaten college elevens in the country. The last three are included among those who have lost but one game and all of them make due and strategic use of the forward pass.

Yale and Harvard, reactionaries ever, do nothing of the kind. Both lost to Princeton by a large majority and finished in a preposterous tie on Saturday.

Missouri is a good passing team and it was not until the recent week that it was beaten. Kansas put its thumb over by the margin of a field goal but then, there never was a lost means of forecasting a "Kansan" game. The defeat trapped Missouri out of consideration for national honors, just as the sweep-up victory of Georgetown and Brown put Fordham and New Hampshire out of the running.

Michigan Wins Title
These results clarified the atmosphere somewhat. They left Dartmouth the undisputed champion of eastern football, for one thing. For actually another Tulane beat Louisiana State and Alabama didn't play leaving this pair at the peak in the south.

Then Michigan showed that it still was the great team its early-season friends claimed by beating Minnesota, 35 to 0. If there is any justice in the land, Michigan will be awarded by conference title on sight and placed in the top flight for the Middle Western supremacy with Notre Dame, which stacked North-western to ten points and then went out and won.

Michigan lost its only game by a single point to Northwestern but you can throw that one out as the boxing managers say. The victory was achieved under highly improbable conditions, a heavy rain and a heavier field leveling everything.

Colgate, of course, can not be listed as a non-passing outfit, for the team doesn't live that can play that kind of football today and win. However, Colgate has stressed the running attack because of Syron's ball-carrying ability, just as Illinois has played up to Grange's genius in the open field.

Few Surprises
Yet Illinois is a passing team, in that it knows when and how to use the pass. It finished up its season in a blaze of glory by beating Ohio State.

Chicago is not a passing team and it finished up its season in a blaze of obscurity, by losing to Wisconsin. This was not exactly a surprise to those familiar with Chicago football this year.

In fact, Saturday's surprises were few. One of them, of course, was Missouri's defeat by Kansas. Another was the unusual readiness with which Stanford ruined its first victory over California in 10, these many years. Michigan's easy victory over Minnesota constituted a third.

However, Southern California's 18 to 0 decision over Iowa was anticipated and everyone knew that Drake and Iowa State would play a close game, which they did, Iowa winning, 7 to 6.

FLANNIGAN TOPS LIST IN WESTERN COLLEGE SCORING

Chicago, Nov. 24.—Christy Flannigan, of Corpus Christi, Tex., Notre Victor to Lyles.

Dame's new scoring ace, leads western players in total points, having increased his sum to 57 with a touchdown against Northwestern Saturday. Flannigan has one game to play.

Katsch, of Iowa, who took the lead early in the season and has not scored in the last five weeks, continues to lead also makes him the leading conference scorer of the season. Oosterbaan of Michigan, who contributed two touchdowns to Michigan's total over Minnesota, advanced to third place with 48 points. He is second in the conference.

Other scorers are: Friedman (Michigan) 45; Almqvist (Minnesota) 44; Molenda (Michigan) 42; and Doyle Harmon (Wisconsin) 37.

BASKETBALL SKED FOR SCHOOL TEAMS

Girls' Sextet Already At Work, Boys' Team Will Start Next Week

A practically complete basketball schedule for this winter was announced Tuesday by Faculty Manager R. P. Vickers of Salem High. Several dates are to be filled.

The Girls' six is already at work for the season, and is getting practice through class games arranged by Coach Loretta Potter. The Boys' five will not go into practice until next Monday for Coach William Springer is busy with the completion of the grid season.

NAIL MILL CHAMP IN INDOOR LEAGUE

League Games Close With Nail Makers In Lad Without a Defeat.

Two forfeited games closed the indoor baseball season at the Memorial building Monday night. There will be no more indoor baseball until next spring following the close of the city basketball leagues which are to get under way next month.

The Nail Mill, with seven victories and no defeats, won the title this season. The Hagan-Smith battery of the nail makers was far too strong for the opposition and aided also by good slingers, the nine won all its games handily.

In second place is Silvers, with six wins and one defeat. This team received a forfeit last night from the Electric Furnace.

Demings ranks third with five victories and two defeats. Lyles is next with three won and four lost; Salem China and Victor Slaves are next to last with one win and six defeats, while the cellar is filled with Mullins and the Electric Furnace, neither having won a game.

The other forfeit last night was

Old Pipe, we're pals for keeps

SIX months ago, Old Pipe, we were headed for absolute divorce. We were wrecked on the twin rocks of Tongue Bit and Throat Parch. I tried tobacco after tobacco. Then . . . I found Prince Albert!

Today, Old Pipe, you're closer to me than a tattooed anchor. P. A. made you sweet and cool as the wind from a laden orchard. P. A. led me out of the hot-pipe desert into the pleasant valley of contented smokers. Comfort fell upon me . . . and it was welcome as rain to a dusty frog.

Say good-bye to worry, you fellows who don't yet know the joys of a jimmy-pipe and P. A. Tell gloom to be on its way. Your first fragrant pipeful will give you a 99-year lease on happiness. Prince Albert is the mildest, sweetest, kindest smoke mortal man ever knew.

Prince Albert gives you a lot more for your money in quantity as well as quality. There are TWO full ounces in every tin of P. A. The U. S. revenue stamp shows you that. Make a break now for the nearest shop where they hand out pipe-peace in tidy red tins.

P. A. is sold everywhere in tidy red tins, pound and half-pound tin humidor, and pound crystal-glass humidor with sponge-soaker top. And always with every bit of bite and punch removed by the Prince Albert process.

Look at the U. S. revenue stamp—there are TWO full ounces in every tin.

COLUMBIANA

In honor of the completion of a successful football season, the members of Columbiana High school team, with their coach, Edgar Miller, the men of the high school faculty, the manager and press reporter were entertained at a chicken dinner at the Park hotel Friday evening. The affair was sponsored by Bert and "Bill" Dickinson, "Jack" Myler, "Shorty" Stevens, "Pop" Russell and "Froggy" Anderson, rabid football fans. About 30 enjoyed the excellent meal. George Barr acted as hostmaster and called on Captain "Chuck" Fisher, Manager Kermit Crocco, Coach Miller, Prof. Weaver, and also Messrs. Bert Dickinson, Russell, Myler and Stevens. "Save America" D v.

The Sunday school of Grace Reformed church observed Sunday as "Save America Day," the whole morning being devoted to a study of the religious needs of the country, a subject that appeals to every red-blooded American. An interesting program was given, including a talk by the pastor, Rev. E. F. Wiest, on "The Part of the Reformed Church in Christianizing the United States." Rev. Wiest is preaching a series of sermons on Sunday mornings on the general subject, "The Marks of a World Christian." So far, two subjects have been discussed: "A Sense of Vocation," and "The Consciousness of the Larger Self." The subject next Sunday

morning will be: "Respect for the Capacity of Other Peoples."

Lutheran Pageant

Sunday evening at 8 o'clock a pageant "The Children of Light" was given at the Lutheran church at a special Thank Offering service, at which time the thank offering boxes were handed in. A special Thanksgiving service will be held at this church Wednesday evening at 8 o'clock. The annual every member canvass for the current expenses of the church will be held next Sunday.

Poland Woman Speaks

Sunday morning at the Presbyterian church, Mrs. Frazer of Poland, president of the Synodical work of the Women's Missionary society of Ohio, gave an interesting talk. A thank offering for the local missionary society was taken at this service. The annual Thanksgiving service will be held Thursday morning at this church with Rev. G. W. Peters of the M. E. church as the speaker of the day.

Attend Rally

Following the morning service at the Christian church a number of the local members drove to Rogers to attend the rally and basket dinner at the Christian church of that village. In the evening the Thanksgiving program of the Loyal Volunteers was given at 6:30. The ladies of the church held a successful bazaar and food sale Saturday at Roswick Bros. store.

Gilmore-Vaughn

A wedding of interest to Columbiana people occurred recently when Miss Cora Gilmore, only daughter of Mr. and Mrs. John Gilmore of Rogers, became the bride of Mr. Elmer Vaughn of Youngstown. Mrs. Vaughn has been employed in the Franklin Furniture Co. here for the past year

and the best wishes of many friends go with the happy couple to their new home in Youngstown.

The W. C. T. U. held their regular monthly meeting Friday afternoon at the home of Mrs. C. J. Hart, West Park ave. The topic under discussion was: "The education against the use of alcohol as a medicine."

Mrs. Emma Spence of Huntington, W. Va., has been a visitor at the home of her son, Paul Spence, and family, Vine st.

The Sunday school class of the M. E. church taught by Mrs. Luther Miller will hold a bake sale Wednesday at the Bell & Morris grocery.

The Ladies Auxiliary of Benjamin Firestone Post, American Legion, will hold their regular monthly meeting Tuesday evening at the Legion Hall. The occasion will be a covered dish supper.

The Kings Daughters class of the Reformed church Sunday school held their monthly business and social meeting Saturday night at the home of Mrs. L. F. Schiller, with Mrs. Schiller, Mrs. Raymond Snook and Mrs. D. T. Stevens as hostesses.

All Columbiana business houses will be closed Thanksgiving Day but will be open the evening preceding.

Mr. and Mrs. Jacob Schaeffer and daughter, Agnes, moved to New Castle recently to visit with friends.

You must say Quick Mother's Oats

To get true Scotch flavor—famous
Mother's Oats flavor—in breakfast oats

2 Kinds:

The Mother's Oats you have always
known and Quick Mother's
Oats—cooks in 3 to 5 minutes

THE difference in breakfast oats is flavor. Oats, originally a Scotch dish, must have Scotch flavor.

Quick Mother's Oats has the toasty Scotch flavor that's so wonderful . . . famous Mother's Oats flavor.

No other oats has it. None successfully imitates it. It's due to exclusive Mother's Oats milling of the finest, plumpest oats. Milling methods which took some 50 years to perfect.

Makes all the difference in the world. Quick Mother's Oats spoils folks for ordinary brands.

Cooks in 3 to 5 minutes.

Be sure of that flavor. Look for the picture of a Mother on the oats you get.

Due to Mother's Oats milling methods it supplies, too, the "roughage" you need to make laxatives seldom necessary.

Coupons Good for premiums are in every
Mother's Oats package. Save them

Village Plans.Rogers, Nov. 24.—With the prospect
of securing the early improvement
of state route No. 7 from Cincinnati
via Marietta, Steubenville, East Liver-
pool, Rogers, Youngstown to Con-
neaut and through to Erie and Buffalo
and the through highway from Chi-
cago via Fort Wayne, Washington, Lis-
bon, Rogers to Pittsburg, Washington
and Baltimore, the village is taking on
new life and the prospects of the fu-
ture development of this section of
Columbiana county seems to be very
bright.The board of education has recently
secured the property at the corner
of Depot and Walnut sts. in the most
central part of the village, and at the
junction of these two main highways.
A campaign is now on by the pub-
lic spirited citizens of this community
to raise funds with which to properly
equip the property which is to be
used as a community, basketball hall
and country club. A park, swimming
pool, and baseball grounds also may
be secured.A high tension electrical line is also
to be constructed from New Water
ford to Rogers, and the Quaker Valley
mines are to be put into operation.
The citizens of this community are
in high spirits and are hoping to see
the concrete roads completed soon
and these other projects brought to
a successful conclusion.Persons who want anything know

Ohio Governorship Sought by Woman

Corn Cut by Hand Makes Cost Higher

Ohio farmers who cut their corn by hand rather than by machine miss a chance to save about \$30 on every 40 acres of corn, the cost records kept by 20 Greene county farmers for five years show.

Cutting corn by hand, a study of these records by rural economists at the Ohio State university reveals, takes 8.1 man hours an acre. If the farmer pays for that labor at 45 cents an hour it costs him \$3.64 to cut an acre of corn. If he pays for it at the rate of 18 cents a shock, his bill will be \$4.50 an acre. In some counties this year, the economists say, farmers are paying from 20 to 25 cents a shock for cutting this year, so that 18 cents is a conservative figure.

"The man who cuts 40 acres of corn by hand will spend \$162.80 doing it," continues F. L. Morison, the economist making this study, "if the above labor costs are averaged. If he uses a binder, and figures in man and horse labor costs for cutting, shocking, and picking up ears, it will cost him \$135.20 to cut those 40 acres. That also includes interest, repairs and depreciation of the binder based on an average life of 8.6 years for a binder that cuts 40 acres a year.

"His net saving by cutting corn with a binder rather than by hand will be \$27.60 an 40 acres, judging by these Greene county records. Cutting 40 acres a year, this saving will buy a new corn binder in seven and one-half years, besides paying for the old binder.

"In other words, a corn binder will pay for itself in cutting 300 acres of corn, and at the same time save enough to buy a new binder."

MAHONING PLANS TO CONNECT ROADS

Mahoning county commissioners with County Surveyor George Montgomery of Youngstown held a conference with the Columbiana county commissioners Monday for the purpose of inquiring into the road program of Columbiana county as has been outlined by the Columbiana board.

The Mahoning commissioners are concerned at this time in putting over a road construction program in Mahoning county similar to that adopted by Columbiana county, which means connecting all improved roads new built in Mahoning. Whether or not a bond issue is being considered by the Mahoning commissioners for this purpose was not indicated, although it was said that plans are being worked out to not only connect all roads with in Mahoning, but to connect more with Columbiana county.

Eleven Oil and Gas Leases In Knox Sold

Eleven oil and gas leases, totaling 251 acres of land in Knox township have been sold by J. N. Davidson to H. M. Dinger, according to an agreement that has just been filed with County Recorder Paul Smith for record.

A similar instrument has also just been filed for record, which discloses that G. W. Barricklow, who held leases on 323 acres in Fairfield township has disposed of these holdings to the Cambria Oil and Gas Co.

WHEN DID YOU HAVE YOUR OIL CHANGED?

To many an autoist this question may sound entirely superfluous. And yet authorities tell us that American automobile owners are losing literally several million dollars a year by failure to have their crank cases drained regularly and refilled with fresh oil.

Mechanics tell us, also, that most cars go to the scrap heap long before their normal mileage has been rendered.

Put together these two statements from authoritative source and you have a logical conclusion.

From three to five hundred miles is the average distance an automobile should run on one filling of oil, depending on the nature of the car and the quality of the oil.

In either case, oil is much cheaper than new bearings and the mechanical work made necessary by neglect. If you use "MARWOOD" MOTOR OIL you can run more miles without draining and refilling than you can with ordinary oil, but even "MARWOOD" should be drained regularly from your crankcase and a new supply put in. Drive in at your nearest VAHEY dealer's station today and ask him to examine the oil in your crankcase. He'll give you an honest verdict.

Ox Eyes And Pumpkin Tarts Given In Today's Recipes

Breakfast	Applesauce	Top Milk
Boiled Oats	Coffee	Cream
Ox Eyes	Dinner	Wafers
Fruit Cup	Old Fashioned Chicken Pie	(stewy)
Mashed Potatoes	Celery	Butter
Cold Slaw	Pumpkin Tarts	
Home Made Rolls	Coffee	Supper
Cranberry Jelly	Bread	Milk
	Canned Peaches	
	Lady Baltimore Cake	

TODAY'S RECIPES

Fruit Cup—One grapefruit, two oranges, four canned pears, four slices canned pineapple, one cup syrup. Cut fruit in small pieces and set in cool place over night. Drain off juice. Add syrup. Slightly sweeten juice and add as much of it as needed. This recipe serves eight.

Ox Eyes—Cut circles from inch thick slices of bread. Hollow out center and break an egg in each. Add salt, pepper, bits of butter. Cover with milk and bake until brown.

Pumpkin Tarts—Two cups pumpkin cooked, strained and well browned in an iron kettle, two cups rich milk, two eggs, one cup sugar, one teaspoon ginger, two teaspoons cinnamon, one tablespoon butter, melted and

browned. Line muffin tins with rich pastry. Fill with above mixture and bake. This recipe will make 12 to 16 large tarts. Serve plain or topped with whipped cream and a dab of jelly.

SUGGESTIONS

If, instead of a light soup or fruit or fish cocktail you prefer to serve canapés for a first course and appetizer for your formal dinner, follow these directions:

Canapés are made from two-day old white bread, cut into one-fourth inch slices, then cut into circles, diamonds, squares or long "fingers," or for the strictly informal home gathering the tiniest of sandwiches may be used—cutting and preparing the bread as directed below.

After you have shaped it, either butter it lightly and toast in the quick oven until golden or drop into hot butter and brown delicately, or toast one side of bread until golden—butter the other side and brown just the tiniest bit.

The secret of a canapé is to have the bread hot—a light brown color and soft enough to cut with your fork. If large enough to be eaten with a fork, it cut into small "fingers" or squares one is supposed to lift the morsel in one's fingers.

Sardines anchovies caviar pate de foie gras (or chicken livers cooked and prepared), cheese, or whatever your larger supplies, may be utilized for fillers.

LATEST IN STYLE FOR WOMEN

Paris, Nov. 24.—"Muff it" is to be one of Madame's fashion mottoes for the coming winter. All signs point to the little finger toaster returning to use again.

Whether it is the weatherman's prophecy for a long, hard winter, or just the natural course of whimsical fashion that brought them back, no one quite knows. At any rate, new coat styles have the muff possible again with their secure closings. It was quite out of the question when mantles had to be held together by frozen fingers. Perhaps there is some coquetry in the bargain, for every woman knows that keeping the hands warm in a muff is bound to make them more beautiful and what woman does not want beautiful hands and fingers.

The muff of the season is the tiniest little affair of almost nothing at all, a soft bit of fur that resembles a big cat rolled up into a ball. Only the barrel shape has appeared so far and the large fur designers are not promising any other shapes. They say the old "rug" cannot come back for it does not harmonize with the fashionable flares and girdles on the robes and coats of today.

The fur for the muff, of course, comes of every variety, matching the trimmings of the costume in nearly every case. Max is showing charming little cubist muffs of mixtures of fur cut into all shapes and put together in heterogeneous manner. There is a charming black and white, half and half seal and white fur and there is another in sable combined with seal. The cuffs of the coats are so large this year that very often the little muff is quite swallowed up by them and many a time one can scarcely see the muff for the cuff.

Free Information On Stain Removal

Maybe you touched your sleeve in the butter plate, possibly someone nudged you and you dropped gravy in your lap, or perhaps you have brushed your clothing against fresh paint.

If you have had such an accident the stain should be eradicated at once. People are judged by their appearance and you cannot afford to go about with soiled clothes.

Write today for the 30-page booklet which gives explicit directions for removing 88 different kinds of stains. It is free for the asking. Just clip the attached coupon and enclose two cents in stamps for return postage. Write your name and address clearly.

OPEN NOSTRILS! END A COLD OR CATARRH

How To Get Relief When Head and Nose are Stuffed Up.

Count fifty! Your cold in head or catarrh disappears. Your clogged nostrils will open, the air passages of your head will clear and you can breathe freely. No more sniffling, hawking, mucous discharge, dryness or headache; no struggling for breath at night.

Get a small bottle of Ely's Cream Balm from your druggist and apply a little of this fragrant antiseptic cream in your nostrils. It penetrates through every air passage of the head, soothing and healing the swollen or inflamed mucous membrane, giving you instant relief. Head colds and catarrh yield like magic. Don't stay stuffed up and miserable. Relief is sure. Adv

Thanksgiving Day

Over three hundred years ago, after a bountiful harvest, the New England colonists "set apart a day for the giving of thanks with feasting and prayer."

The custom still prevails but to many Thanksgiving means only pumpkin pie, turkey and other good things to eat.

But thankful indeed is the thrifty man who enjoys his pumpkin pie and turkey with the knowledge that a growing SAVINGS ACCOUNT provides for tomorrow as well as for today and that there will be pumpkin pie and turkey again next Thanksgiving.

BOY IS CRUSHED AS TRUCK SKIDS

Cleveland, Nov. 24.—Ice and snow covered pavements, dangerous alike to drivers and pedestrians, today had added another casualty to the mounting traffic toll of 1925 in Cleveland.

The latest victim was Duane Fildes, 8 years old, of Canton, who with his mother, Mrs. R. L. Fildes, was walking on Ontario street, when a heavy truck struck a depression in the street, skidded against the car tracks and crushed the body of the lad against a barricade erected to guard an excavation being made in the street.

The boy was taken to Charity hospital but was dead before he reached there. His mother was bruised, but returned to her husband and six remaining children in Canton later in the evening.

LEETONIA

Miss Kathryn Gordon Grant gave the most touching story of the year at Sunday morning at St. Paul's Episcopal church at the hour of the regular morning service.

Miss Grant is of pleasing personality and she gave her plea for Near East relief in a way that her audience could almost see the situation as she saw it. She has been in social service for the past six years and is well informed along the lines of this work.

Prior to the address in the church she gave a short talk to the Sunday school, principally to the children. She told of the 37,500 children who are being cared for and the hundreds who are awaiting their turn, many standing at the gates of the institutions day by day.

In the orphanage at Nazareth where the boys are being taught the carpenter trade, on last Christmas morning each received a handful of bright new nails as a present. Others who received a small box or carton containing shredded wheat.

A collection was taken to be given to her to help carry on this commendable work which it is thought will continue for but two years more. The children are discharged at the age of 16 years and are given both religious and manual training.

Mrs. Luella Lodge and her four daughters, Mrs. Henry H. Har, Mrs. Harry Schaubert, Mrs. Harry Farmer of Leetonia, and Mrs. Harry Farrell of Columbiana were guests of Mrs.

Lodge's niece, Mrs. Alice Eaken and her neck, is able to be out again and the Misses Edith and Rebecca Halver is in school this week.

Mrs. Mabel Ballantine was the guest of relatives in Youngstown over the week end.

Mrs. Warren Grove and daughters, Florence, Betty and Alice spent Saturday in Youngstown.

Harry Arnold, little son of Mr. and Mrs. Spencer Arnold, who was sick the past week with swollen glands in his neck, is able to be out again and is in school this week.

Mrs. E. R. Mortimer, who spent the past week in Cleveland at the home of her daughter and son-in-law, Mr. and Mrs. Emmet Longbottom, returned to her home, 514 Columbia st. from the Salem City hospital convalescing from an operation for appendicitis. She is getting along nicely.
